TELL US WHAT YOU THINK ABOUT YOUR SMILE

Before we visit with you for a comprehensive consultation, we want to understand your thoughts and concerns. We know you have limited time, so we developed this quick questionnaire as a way to put your ideas down on paper and as a way for us to begin to understand what you need or want for your smile.

Would you like to make improvements to your smile? Yes No
Tell us the changes you would like to see...

STRAIGHTER TEETH WITHOUT CONVENTIONAL BRACES

We can accomplish this with Invisalign clear retainers, lumineers, veneers, bonding or contouring.

BRIGHTER/WHITER TEETH

We have a variety of customized professional whitening treatments, including immediate Sapphire light treatments in our office or custom trays for at home whitening.

BETTER SHAPED TEETH

Lumineers are a quick, pain-free way to lengthen and reshape teeth so you have a fuller, natural and nearly perfect smile.

ELIMINATE THE SPACES BETWEEN MY TEETH

Invisalign clear retainers or Lumineers are both great options for getting rid of spaces between your teeth.

REPLACE MISSING TEETH...GET RID OF REMOVABLE PARTIALS OR DENTURES

Implants provide a solid permanent structure for replacement teeth and make possible all the things you used to be able to do with your natural teeth.

REPLACE CROWNS WITHOUT THE HASSLE OF MULTIPLE VISITS

In a matter of an hour or two we can replace your old silver or gold crowns and silver fillings with natural-looking porcelain. Our new CEREC CAD/CAM computer technology manufactures beautiful porcelain crowns in our office while you wait....no more need for temporary crowns and multiple appointments.

TAKE THE FEAR OUT OF DENTISTRY

We offer relaxation dentistry which allows you to relax after taking a small pill...you're unaware of the time passing by, yet able to communicate with us during your treatment.

SHOW LESS GUMS WHEN I SMILE

Tissue re-contouring is simple and really enhances your smile.

MAKE ALL MY TEETH THE SAME SHADE & EVEN WHITER

A variety of restorative dental technologies and teeth whitening can accomplish this for you.

STOP MY TEETH FROM CHIPPING AND WEARING

Lumineers are a great way to remedy this issue or a simple custom-made night guard can protect your teeth from grinding and fractures.
